

The NVON Logo was adopted October 10, 1999.  
 The "N's (National & Network) are supporting the V (Volunteers), who are holding up the world O (Outreach), to make the world a better place for women and families.

A Scarf, stylish, adaptable, pattern apparel, can be created into more delightful modes than any single accessory you possess. A scarf deftly tied, folded, draped, pinned or twisted can add a "touch of class" to your appearance limited only by your own skill and fancy. The scarf is a flattering and versatile fashion accessory. Creatively used, it provides many changes of look to your basic wardrobe and adds exciting dimension of chic at very modest cost. Cleverly used the scarf can accent a person, place or thing.

This NVON Scarf is 100% silk, custom designed and very limited in supply. Each scarf has the official NVON logo and abbreviation for each of the 8 NVON member states. Purchase one for yourself, for your special NVON friend or give as a gift for members of your club, family and friends. Let's make NVON one of the most recognizable logos up there with Coca Cola and McDonalds. An organization made for America.

54" x 8", one size fits all

**Care:**

Silk should be dry-cleaned, however, with the greatest of care, silk can be hand washed in cool water using mild soap and ironed with a very low heat using a cover cloth. Enjoy!

**Order Form**
